MAY DAY MARKED BY NUMEROUS STRIKES

Hundreds of Men Are Out In New England.

CHICAGO LONGSHOREMEN STRIKE

Marine, Transport and Longshoremen Employed on Docks at Cleveland Also Quit Work—All Tugs Are Practically Tied Up.

Boston, May 2.—May Day was marked by numerous strikes in New England. The majority of difficulties were confined to the building trades.

Strikes of carpenters occurred in Lawrence and its vicinity, and in other places. The Lawrence men, about 1,000 in number, demand an 8-hour day at a wage of $3. In Lynn, about 200 machinists who desire a 9-hour day with a half holiday on Saturdays, are idle, and a number of carpenters, painters and plumbers are also out.

Conditions are unsettled in the Cape Ann granite district, in the Blackstone valley and Fall River building trades and in several branches of the building trades in other places.

In Boston, while there was no general disturbance, several small strikes occurred, but the number of men idle here on account of labor disputes is not great.

Longshoremen Go on Strike.

Chicago, May 2.—At midnight Monday all the members of the Longshoremen's union at South Chicago, numbering about 3,000 quit the work of loading and unloading vessels. Of these 1,600 are are unloaders and the coal laden steamers will be tied up by the strike. The grain trimmers are included in the strike order.

Marine Strike Inaugurated.

Duluth, May 2.—[illegible] was officially inaugurated [illegible] of the lakes at noon to-day. Orders were received from [illegible] Keefe calling out the [illegible]. The tug men, however, were not affected, and they are working as usual. The men on levers subject to the orders are the union boats, firemen and the oilers.

Quit Work at Cleveland.

Cleveland, O., May 2.—Every member of the Marine, Transport and Longshoremen's union employed on the docks here quit work at midnight Monday, and Tuesday not a pound of ore or grain was being handled in Cleveland. The same condition exists at practically every Lake Erie port. Every tug in the harbor was tied up Tuesday morning. The Licensed Tug Men's Protective association are affiliated with the longshoremen, as are the firemen on the tugs, and not a screw on a union tug turned after midnight Monday.

The port of Cleveland strike directly affects 1,000 seamen. About [illegible] laborers went on the Cleveland and Pittsburg dock.

Train crews, innumerable railroad officials state, will be thrown out of work because of the stoppage of the coal traffic. It is estimated that if the strike lasts for one month, 30,000 men in Cleveland alone will be thrown out of work.

No Trouble at Milwaukee.

Milwaukee, Wis., May 2.—There was no trouble among the longshoremen in Milwaukee Tuesday. Vessels which are arriving here are being unloaded by men employed on the boats according to contract. If any trouble arises, it will be when local longshoremen are called upon to load vessels for return trips.

Lake Traffic at Standstill.

Chicago, May 2.—Lake traffic was for the greater part at a standstill here Tuesday, the vessel owners making little apparent effort to move their vessels. They said, however, that they would move their boats when ready to do so.

The center of the strike as far as this city is concerned, is not in the city proper, but in South Chicago, where the mills of the Illinois Steel company, a branch of the United States Steel corporation, are located. Several of the vessels at this place made haste to get away from the city before the strike order reached their men, and were out in the lake when the strike materialized. The passenger boats running out of Chicago have not, so far, been affected by the strike, and there is no immediate prospect that they will be.

WOULD HANG SHERMAN WHILE ON HIS MARCH

Acting Mayor of Savanna States Plainly His Position.

PROVOKED ADVERSE COMMENT

Action of the Government in Providing an Escort for the Son of General Sherman Caused Outburst of Warm Indignation.

Savannah, Ga., May 2.—The march of Rev. Father Sherman, son of General Sherman, over the route his father took on his famous "march to the sea," has provoked a great deal of adverse comment by the Confederate Veterans.

Captain L. G. Young, president of the Confederate Veterans' association said:

"I cannot imagine what possible good such a visit can do, but it may do considerable harm in awakening the memories of one of the most brutal marches ever made. There certainly is nothing to be proud of in Sherman's marching with a large army through a country undefended, and then report to his government that he had destroyed more than twice as much property as was necessary for support of his army. Sherman did this without just cause.

"Then, again, the government can scarcely understand the temper of our people, since it is almost necessary for the son of Sherman to have a guard as he advances through the country. Notwithstanding all that has been done, he would find a cold reception in this section, I am sure."

Claims Porter Stole Jewels.

Macon, Ga., May 2.—Bibb superior court went into the hearing of a suit brought by Mrs. M. J. Green, one of the leading milliners of this city, against the Pullman Car company on Monday for the recovery of $1,500 said to be the value of jewels stolen from her on a sleeper by a negro porter while she was returning to Macon last fall from a trip to New York. She charged that she left her berth, after rising in the morning, and when she returned she found the negro porter making up the bed. She had left her jewelry in her hand satchel, and both were missing.

Greenfield, Mass., May 2.—Charles H. Coles, former president of the Globe National bank, of Boston, and once a prominent leader in that city, was released from the Greenfield jail Monday night after serving fourteen days more than six years in the institution for misappropriation of bank funds. He left at once for Boston, and will return to his former home at Hingham, Mass. The Globe bank failed on Dec. 1, 1899. Coles had gone on a vacation after resigning the presidency, but was arrested in California and brought back for trial.

INTERESTING STORY OF EARTHQUAKE

As Told by a Lady Who Experienced It at San Jose, Cal.

WAS MRS. MORROW'S SISTER

She Describes in a Most Interesting Manner the Horrors and Inconveniences, and Tell of the Ruin Left in Its Path.

Mrs. Morrow has received the following from her sister who is in San Jose and passed through the terrible experience of the earthquake:

"No one can realize the damage done to San Jose, not to mention 'The City,' as they call San Francisco here. Our house stood it wonderfully well—broke dishes and threw things everywhere. The rectory next door to us was unmoved, but just beyond the rectory, St. Patrick's Church, one of the largest in San Jose, is a mass of ruins. It fell directly forward into the street, else we would have been hurt, as the bell tower was very tall. On the other side of us the house is a total wreck. The papers cannot give an adequate description of the ruin caused by the earthquake. I still feel the motion. I was not very much frightened at the time—not until a shock in the afternoon did I commence to weaken.

"We will not have gas or electric lights for some time. We have been preparing our meals out-of-doors on a heater. Chimneys are all down all over the city.

"Telegraphic communication has been renewed, but you have to wait your turn as there are piles of messages to be sent.

"They have cleared the railroad track and awhile ago a car came in.

"Everybody slept out of doors last night, and it was cold. No lights, no fires allowed in the houses.

"Have just heard that 10,000 people are on their way here from San Francisco to get something to eat. I have just laid in a small supply of bread. The restaurants are nearly all demolished, so matters look very blue. We have a camp fire in our back yard. Very hot tonight—supposed to be heat from San Francisco. Had a slight tremblor last night, but I was so tired I did not hear it.

"Elizabeth was cool and brave, but wants to get away. She was accustomed to the tremblors in the Philippine Islands, but their houses were made of Nipa and there was not much motion. The houses here are all trembling.

"I pray that you may never go through an earthquake like this one. One is so helpless. Had this occurred an hour later there would have been an appalling loss of life. The word danger is posted all over the city.

"Well, I cannot admire writing by candle-light and hope it will soon be remedied. Will return home as soon as we can secure reservations.

"Give me cyclones, tornadoes and storms, but oh, keep me from earthquakes."

Mrs. Morrow has a sister in Los Angeles who visited Gainesville three winters ago. They experienced a slight shock there. She writes about the sad death of Doctor Taggart, her physician. He went to help the sufferers in San Francisco, and shot himself. He had a pistol in his pocket and tripped as he was going upstairs, and died instantly.

Mrs. Morrow is very much relieved and very happy that her sisters are safe and well.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

HIGH SPRINGS REBEKAHS.

Ladies' Auxiliary of Odd Fellowship Gave a Fine Entertainment.

High Springs, May 2.—The ladies' auxiliary of Odd Fellows in Esther Rebekah Lodge No. 8 gave a silver tea on the evening of the 28th ult. in honor of the eighty-seventh anniversary of the Independent Order of Odd Fellows.

This social function was one of the most brilliant in the annals of High Springs. The committee on arrangements had left nothing undone to make it a success. The hall was beautifully decorated with evergreens and the lodge colors—pink and green. The central pillars of the hall were draped with the I. O. O. F. colors—red, white and blue—while flowers arranged in design on the tables gave a charming air to the scene, in keeping with the lovely costumes of the ladies present.

Delicious cream and cake were served, and Miss Emma Lou Dunagen, in pink, and Miss Muriel Futch, in green, as charming Rebekahs, dispensed iced-tea at a flower-draped well. Misses Ethel Underwood and Ollie Brown, in full regalia, served as mistresses of finance.

The program was full of enjayable numbers, among them several fine selections. We desire to give special mention of the violin solo by Mr. S. A. Turner of Tampa and the recitation—"St. Peter at the Gate"—by J. F. Aylward of Canada. Both numbers were inimitable and were highly enjoyed. These gentlemen responded gracefully to encores, which were received with much appreciation.

Dr. William Sutherland closed with an able address, in which he spoke of the object and aim of the order and gave a brief sketch of its history.

Best for Women and Children.

On account of its mild action and pleasant taste Orino Laxative Fruit Syrup is especially recommended for women and children. It does not nauseate or gripe like pills and ordinary cathartics. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

A Word for Mr. Byles.

Editor Sun: Will you please allow me a small space in the columns of your valuable paper to speak a word in favor of our candidate for member of the school board, G. A. Byles? We could not have a candidate more competent and who would be more faithful to his duties than the worthy Mr. Byles.

Our school board consists at large of inexperienced teachers, and why not, dear friends, let us try one who has made teaching a success, and who knows the needs of teachers, to aid our worthy superintendent in his work?

Mr. Byles would make an earnest worker toward educational advancement, impartial to any particular school or teacher.

Let me beg the voters, one and all, to come out on May 15 and give Mr. Byles your liberal support, as I feel feel sure you will never regret it.

Truly do I hope this will greatly influence those who do not know this candidate, as those who know him need no change.

Would that I could say something in favor of Hon. H. H. McCreary, but, as he is better than I could represent him to be, I will only say that Alachua county would be lost in the Senate without him.

May God direct the voters on May 15 to choose those men who are most worthy.

EAST END VOTER.

SORES AND ULCERS

TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.

P. O. S. OF A. IN SESSION HERE

Many Delegates in Attendance From All Sections of State.

ARE REPRESENTATIVE MEN

The Delegates Come From All Trades, and Are Among the Best People of the Country—Session A Promising One.

The third annual meeting of the Patriotic Order Sons of America began in this city Wednesday morning, and was well attended, about forty being in attendance.

The meeting was opened in the court house Wednesday morning, when an opening prayer was made by Rev. F. H. Craighill of Holy Trinity Episcopal Church. This was followed by an address of welcome by Hon. W. R. Thomas, mayor of the city, which was responded to by State President J. L. Rankin of Palatka, who told of how he loved the order and the people of Gainesville, "because they were good and hospitable people." Mr. Rankin, although he said that he was unprepared, not expecting that he would be called upon for a special talk, was equal to the occasion, and made a handsome address to his hearers.

There were short and impromptu addresses from several members of the P. O. S. of A. from various sections of the State, and all seemed well pleased at the progress of the order.

Immediately after the public meeting in the court house, the representatives retired to their hall at 113 East Union street, where they were in session in the afternoon and late into the night.

During the session the election of officers was announced, and the following were elected:

State President, R. P. Bullock of Gainesville; State Vice-President, G. H. Sanders of Key West; State Master of Forms, H. D. Roberts of Plant City; State Treasurer, John Walter of Jacksonville; State Conductor, A. H. Lewis of St. Augustine; State Inspector, G. P. Quaintance of Lakeland; State Guard, J. A. Leslie of Lake City.

The session will be concluded this afternoon or tonight, and will be one of the most interesting ever held in the State.

Will Play Jacksonville.

Arrangements have been made by Manager James Carolina of the Central City baseball team with the manager of the Jacksonville Giants, another strong colored team, for three games, which will be pulled off in this city on May 7, 8, 9. The Central City's team, which held the championship last season, has started off well this year, having won two games over the Ocala team, which is regarded as one of the strongest in the State.

The games proposed between Gainesville and Jacksonville promise to be interesting, and the local fans will have something to entertain them for three days.

Deaths From Appendicitis

IMPORTANT TO GAINESVILLE

Profit by This and Find Safeguard Against Many Ills.

Nothing is more important to Gainesville than the good health of her people. How can they fill their place in this busy town unless they are well?

No one trouble is responsible for more nervous ills, sleeplessness, general debility, weakness, back-aches, rheumatic pains, even ill-temper and peevishness, than indigestion.

Fortunately, a combination of remedies, called Mi-o-na stomach tablets, has been discovered that absolutely cures indigestion and restores to health and strength the whole digestive system.

So reliable is Mi-o-na in curing all forms of stomach weakness and troubles that J. W. McCollum & Co give a signed guarantee that the remedy will cost nothing unless it cures. Mi-o-na sells for 50 cents, and is invaluable to anyone who suffers with indigestion, nervousness or weak stomach.

DEATH OF MR. OWEN.

Former Alachua County Man Passed Away at Tampa Few Days Ago.

Information has been received in this city of the death of C. E. Owen, which occurred at his home in Tampa a day or two recently.

Mr. Owen was a member of the firm of the Avery & Owen Company, commission merchants, and formerly resided at Micanopy, where he has yet a great many friends. He was a man full of ambition and energy, and had, through his progressive and honest methods, succeeded in building up a profitable business in the South Florida metropolis.

Friends of Mr. Owen in this section will regret to learn of his death.

SANDERS STILL AT LARGE.

The Combined Efforts of Officers and Citizens Fail to Catch Him.

Notwithstanding that every effort, both by the officers and citizens, who have been scouring the woods, has been made, John Sanders, who on Friday of the past week attempted an assault upon a young white girl in the Bevilleville section, is still at large, having succeeded in evading the posses which were searching for him.

It is said that a negro answering Sanders' description was arrested at Newberry, but he was identified as not being the proper party, and was released. Another negro was arrested in Ocala, but was given his liberty after proving that he was not the man wanted.

Sanders worked for several months at Montbrook, and it was thought that he would probably return there. The officers have kept a sharp watch, but without result. It is believed that, knowing the country well, he has made a safe escape, and is now beyond the limits of the State.

MANY ATTENDED PICNIC.

More Than Five Hundred Took Advantage of Trip to Silver Springs.

The union picnic of the Methodist, Baptist and Presbyterian Sunday schools was held Wednesday, the party going to Silver Springs.

The excursion was well patronized, more than five hundred people taking advantage of the exceptionally low rate afforded to visit this popular resort.

The train left promptly at the appointed hour. It was a special train, and no time was lost in reaching the point of destination.

All who attended report a delightful time.

There was plenty of ice water and lemonade, and the "inner man" did not suffer for lack of these refreshments.

Fortunate Missourians

I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

We trust that approval of the Greene and Gaynor sentence would not be considered even a mild flourish of the muck rake.

No other form of athletic sport can crowd out baseball, in spite of the fact that the game is comparatively harmless to the players.

If we could catch a few more crooks and fine them as heavily as the judge handed it to Gaynor and Greene, the payment of the national debt would be simplified.

One of the theologians says 95 per cent of the sons of rich men are worthless. This is hardly fair. Most of them are nobly helping to keep money in circulation.

An accident insurance company has set up the plea, in defending a suit for the amount of the policy of an automobilist killed in speeding his car, that all confirmed automobilists are insane, or at least irresponsible.

The dollar is the national god. To accumulate dollars is the single aim of almost every man of force and brain, so that government and public leadership are left to the mob, while talent confines itself to money-making.

It is to the girl who laughs that a man is drawn at all times. Be she his friend, sweetheart or wife, he finds her company acting as a tonic on his state of mind and constitution. She seems to have fund of merriment and humor which drives away all cares and lightens the heaviest burdens.

OUR HEROES.

America is better at producing heroes than at keeping them. In recent years at all events there has been a tendency to pull down a popular idol as soon as it has been erected. The Spanish War was particularly illustrative of this. Lieut. Hobson was an example. He came back to the United States the lion of the hour and might have had almost anything he wanted. But fame seemed to go to his head and he was ruined by newspaper ridicule between New York and San Francisco. Admiral Dewey came home with the acclaims of a nation ringing in his ears and was seriously discussed as a candidate for the Presidency. He declined, and when he came to reconsider his decision, he was openly laughed at. As to the honor of destroying the Spanish fleet when it broke out from Santiago, there was so much controversy over the question as to whom the honor was due that it was never accredited to anyone, and the only one of the "captains courageous" who participated in that battle and did not do something afterward to estrange himself from the public was "Dick" Wainwright, who, with the little unarmored Gloucester, dashed in and sunk the Spanish destroyers. He got as a reward a captain's commission that shortly would have come to him anyhow in the course of regular promotion. It is a question whether anyone not personally acquainted with him could tell now where he is serving or what has become of him. Decidedly we do not seem to be a people to keep our heroes. But there has a new one appeared on the horizon. It is General Funston of California. The War Department, at any rate, is talking of him at length and praising him highly. He was appointed to the army from civil life, which counts against him with most of the line officers. But the department officials say that he has come to the front in the San Francisco disaster with common sense and an ability to do things that have made him the master of the situation. He has distributed relief where it was most needed, policed the stricken city and controlled the ruffian element from the Barbary coast, which is one of the toughest wharf-rat populations in the world, and has altogether so managed things as to win the praise of all who have come in contact with him and the commendation of those over him in Washington. There is every prospect that he will be brought East after the present stress is past, and it will be interesting to see how long he will be able to stand the glare of the limelight without the public beginning to pick flaws in his costume. Possibly it is the fault of the people. Possibly it is that of the heroes. General Funston is the latest addition to the list and it will be interesting to see how he stands wear.

Divorce decrees granted in one State do not bind the defendant if he or she resides in another, according to a decision of the United States Supreme Court, and as a result thousands of men and women who, after separation in States where laws are lax have married again, face the possibility of having themselves declared bigamists and their children illegitimate.

The people who win their way into the inmost recesses of others' hearts are not, you will find, usually the most brilliant and gifted, but those who have sympathy, patience, self-forgetfulness and that indefinable faculty of eliciting the better nature of others.

Take Hall's Family Pills for constipation.

Mrs. Mae Zimmerman tells the Austin, Ill., Woman's Club that she can provide three meals a day for one week for two persons for $5 and they will be good enough for anyone, with a daily change of menu. A woman always puts the soul of her letter in the postcrip', and she added to this statement, as an afterthought, that at the family table a person should not tell his troubles. This, of course, goes a good ways towards explaining what she called "a matter of economy," but we have no doubt she was talking sense all the way through her lecture.

"The United States Government and various States spend at least $1,000 on the health of sheep and cattle for every dollar they spend to protect human life," said Dr. W. A. Evans, director of the Columbus laboratories, in a lecture at the tuberculosis exhibit at the municipal museum. "Two years ago Angora goats began to die in Missouri. A government man was sent there, and it wasn't long before the country knew all about how to treat Angora goats. How much does the government do in the direction of human health?"

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr J. B Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Will Assist Stockholders.

Boston, May 2.—Announcement was made Monday that a committee of three policyholders from the Mutual Life Insurance company, of New York, had been formed to assist the stockholders of the company to carry into effect the Armstrong acts which have become law in New York. Pending the next election of the company on Nov. 15th, the committee plans to study the nominations made by the trustees, and to send to all stockholders their recommendations. Massachusetts policyholders carry about $40,000,000 insurance in the Mutual Life Insurance company of New York.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co

Quiet Prevails at Mt. Carmel.

Mount Carmel, Pa., May 2.—Absolute quiet prevails here Tuesday morning, following the shooting of a number of foreign United Workers by a detachment of state constabulary Monday. None of the victims is dead, four are thought to be fatally injured. Lieutenant Smith and his troopers are at the Sayer colliery and Sheriff Joseph Sharpless telephoned the lieutenant from Shamokin early Tuesday not to enter here with his men as their appearance would likely cause another outbreak.

Postmaster Robbed.

G. W. Fouts, postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At all drug stores. 50 cents.

Railroads Suspend Clerks.

Shamokin, Pa., May 2.—A large number of shippers and clerks on the Shamokin and Philadelphia and Reading railroad, were suspended Tuesday until the collieries resume. Another car load of deputies arrived here Tuesday, seventy-five men being stationed at the Burnside, Bear Valley and Henry Clay collieries of the Reading company.

Sore Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by all druggists.

Drowned While Bathing.

Asheville, N. C., May 2.—J. A. P. Histare, Jr., aged 18, of Lancaster, S. C., a student at Bingham school, was drowned while bathing in a pond near Murphy junction, half a mile from the school. Sistare was evidently seized with a cramp, and sank without any outcry. The body was recovered 20 minutes after by the draining of the pond. The deceased was in his second year at Bingham, and stood high in the estimation of the school authorities. His parents have been notified.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

Murderer Attempts Suicide.

Atlanta, Ga., May 2.—On the corner of Peachtree and Cain streets, T. Bowden, a local chemist, deliberately placed a rifle of a parlor rifle to his head and pulled the trigger. The bullet penetrated the brain just over the right ear, and Bowden is now lying at the Grady hospital with one chance in a thousand to recover. The cause of Bowden's attempt on his life is not known, but it is thought that there was a woman in the case.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Negro Kills His Step Son.

Dawson, Ga., May 2.—On the plantation of W. C. Dillon, a few miles south of this city, a homicide was committed, the parties involved being negro laborers on the place. Hardy Woods became involved in a difficulty with his step son, Alonzo Johnson, and shot him with a single barreled shotgun, killing him almost instantly. Woods subsequently surrendered to the sheriff, and is in jail awaiting a preliminary trial.

Stomach Troubles.

Mrs Sue Martin, an old and highly respected resident of Faisonia, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her, she says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by all druggists.

OUR HEROES.

America is better at producing heroes than at keeping them. In recent years at all events there has been a tendency to pull down a popular idol as soon as it has been erected. The Spanish War was particularly illustrative of this. Lieut. Hobson was an example. He came back to the United States the lion of the hour and might have had almost anything he wanted. But fame seemed to go to his head and he was ruined by newspaper ridicule between New York and San Francisco. Admiral Dewey came home with the acclaims of a nation ringing in his ears and was seriously discussed as a candidate for the Presidency. He declined, and when he came to reconsider his decision, he was openly laughed at. As to the honor of destroying the Spanish fleet when it broke out from Santiago, there was so much controversy over the question as to whom the honor was due that it was never accredited to anyone, and the only one of the "captains courageous" who participated in that battle and did not do something afterward to estrange himself from the public was "Dick" Wainwright, who, with the little unarmored Gloucester, dashed in and sunk the Spanish destroyers. He got as a reward a captain's commission that shortly would have come to him anyhow in the course of regular promotion. It is a question whether anyone not personally acquainted with him could tell now where he is serving or what has become of him. Decidedly we do not seem to be a people to keep our heroes. But there has a new one appeared on the horizon. It is General Funston of California. The War Department, at any rate, is talking of him at length and praising him highly. He was appointed to the army from civil life, which counts against him with most of the line officers. But the department officials say that he has come to the front in the San Francisco disaster with common sense and an ability to do things that have made him the master of the situation. He has distributed relief where it was most needed, policed the stricken city and controlled the ruffian element from the Barbary coast, which is one of the toughest wharf-rat populations in the world, and has altogether so managed things as to win the praise of all who have come in contact with him and the commendation of those over him in Washington. There is every prospect that he will be brought East after the present stress is past, and it will be interesting to see how long he will be able to stand the glare of the limelight without the public beginning to pick flaws in his costume. Possibly it is the fault of the people. Possibly it is that of the heroes. General Funston is the latest addition to the list and it will be interesting to see how he stands wear.

Divorce decrees granted in one State do not bind the defendant if he or she resides in another, according to a decision of the United States Supreme Court, and as a result thousands of men and women who, after separation in States where laws are lax have married again, face the possibility of having themselves declared bigamists and their children illegitimate.

The people who win their way into the inmost recesses of others' hearts are not, you will find, usually the most brilliant and gifted, but those who have sympathy, patience, self-forgetfulness and that indefinable faculty of eliciting the better nature of others.

Mrs. Mae Zimmerman tells the Austin, Ill., Woman's Club that she can provide three meals a day for one week for two persons for $5 and they will be good enough for anyone, with a daily change of menu. A woman always puts the soul of her letter in the postcript, and she added to this statement, as an afterthought, that at the family table a person should not tell his troubles. This, of course, goes a good ways towards explaining what she called "a matter of economy," but we have no doubt she was talking sense all the way through her lecture.

"The United States Government and various States spend at least $1,000 on the health of sheep and cattle for every dollar they spend to protect human life," said Dr. W. A. Evans, director of the Columbus laboratories, in a lecture at the tuberculosis exhibit at the municipal museum. "Two years ago Angora goats began to die in Missouri. A government man was sent there, and it wasn't long before the country knew all about how to treat Angora goats. How much does the government do in the direction of human health?"

TO KILL THE DANDRUFF GERM.

's the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

SERIOUS CLASH BETWEEN RACES

Negroes and Whites at Gannt, S. C., In Serious Conflict.

Greenville, S. C., May 2.—In a clash between several hundred negroes and a few white men at Gannt, a small station, five miles from Greenville, on the Greenville and Columbia branch of the Southern railway, bloodshed was narrowly avoided. The trouble was caused by excessive drinking on the part of a score of negroes who were attending a singing meeting.

Three of the ring leaders, who were arrested soon after the trouble, were spirited away to Greenville in order to escape a lynching. A party of whites quickly gathered on hearing of the trouble, and determined to mete out summary punishment to the troublesome blacks.

The trouble was precipitated by a half-drunken negro striking T. L. Brown, railroad ticket agent. Deputy Meyers, who was the only other white man in sight went to the assistance of Brown, and they arrested the negro who made the assault. Immediately fifty or more negroes, who were waiting to take the train, ran to the scene of the trouble, and a dozen or more pistols were drawn, and the release of the negro under arrest was demanded, which was done.

Later several other negroes tried to renew the disturbance, but by that time news of the affair had spread, and a number of whites from the surrounding country had arrived on the spot, all heavily armed. The ring leaders started to run, and several shots were fired at them by the posse but none hit the marks. The three negroes who were placed under arrest were hurried to Greenville by Officer Meyers, eluding the citizens' posse, thereby avoiding what may have terminated in a bloody scene. Sheriff Gilreath and deputies are now searching for the other negroes, who took part in the uprising. Quiet has been restored at Gannt.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Mch. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully.

H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county. Respectfully,

THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

ROHT. E. DAVIS.

S. I. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May ... Respectfully,

R. B. PEELER.

To the Voters of Alachua County:

WILLIS W. COLSON.

To the Democratic Voters of Alachua County:

Gainesville, April 7. L. T. ROUX.

For Tax Collector.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. Assuring one and all it shall be my constant effort to discharge the duties incumbent on the office with faithful patience and honest fidelity.
